**CENTRAL COAST STATE LABOR MEMBERS WELCOME  
FEDERAL LABOR'S COMMITMENT TO LOCAL MAJOR  
ROAD PROJECTS**

The announcement today of a major road funding package for Avoca Drive and the Pacific Highway at Wyong by the federal Labor government is welcomed.

This demonstrates what happens when Labor governments are in power and our Central Coast state Labor members look forward to working with our federal colleagues, Dr Gordan Reid the member for Robertson and Emma McBride the member for Dobell to deliver these congestion busting projects.

“We have proudly worked hard with our Federal Labor colleagues to secure the necessary funding and acknowledge that it took a Labor government elected federally to deliver on these commitments,” said David Harris.

“Ironically during the recent federal election campaign, the Liberals rubbished Labors Avoca Drive announcement and we have been waiting twelve years for funding of the Pacific Highway upgrade. Labor will finally deliver for the Central Coast,” said David Harris.
