

**DAVID HARRIS MP
MEMBER FOR WYONG****HARRIS CONDITIONALLY WELCOMES
PLANNING ANNOUNCEMENT**

David Harris MP for Wyong today conditionally welcomed the NSW Government announcement of the Central Coast moving under the control of the Greater Sydney Commission.

Previously on the Central Coast we've had the Central Coast Development Corporation and then we had the Hunter Central Coast Development Corporation, so we have to wait and see whether the Greater Sydney Commission will make tangible difference to projects in the Wyong Electorate.

"I called for greater planning coordination many years ago to get job creating development underway," Mr Harris said.

"We have massive potential to create jobs and economic prosperity through projects such as the Scentre Group at Westfield Tuggerah, the Pacific Highway upgrade through Wyong and the Link Road project which would open up employment land, Warnervale Town Centre project which is moving along but needs extra assistance and the Wyong employment zone which has the potential to create thousands of jobs," Mr Harris said.

"I welcome any meaningful coordination between State, Federal, Local Government and private investors to help create jobs and infrastructure in the Wyong Electorate," Mr Harris said.

"What we don't want is more glossy brochures, empty talk and delayed projects," Mr Harris said.
